ADM002

TEMPLATE - ADM001

The purpose of this modification is to:

- (1) revise article V. DURATION OF AGREEMENT, by extending the agreement for ninety (90) days;
- (2) revise the reimbursable prices under Section VI. REIMBURSEMENT, by: (1) increasing the per-meeting cost for "live" Webcasts from \$55.00 per hour to \$65.00 per hour; and (2) increasing the per-meeting cost for Webcasts "archived" within "standard" processing time frame of 24-hours from \$108.00 per hour to \$120.00 per hour
- (3) revise Attachment -A under provision VIII. FUNDING by incorporating a revised Attachment - A which reflects cost ceiling associated with the option period.

Accordingly, the Interagency Agreement (IA) is revised as follows:

1. In accordance article V. entitled "DURATION OF AGREEMENT," the NRC and NIH hereby revise the agreement period. Therefore, article V. DURATION OF AGREEMENT, is deleted entirely and the following is substituted in-lieu thereof:

"V. DURATION OF AGREEMENT:

This agreement will be effective on October 1, 2001 and continue through December 31, 2002 (FY2003). This agreement may be extended to continue these services during subsequent fiscal years by mutual agreement. The process for any extension will be by NRC initiating a written request for NIH to accept a modification of this agreement to include coverage for the extension period, and NIH accepting the modification. In the event either agency intends to terminate this agreement, that agency will notify the other agency at least 60-days prior to the intended date of the termination."

2. Under article VI. entitled "REIMBURSEMENT," paragraphs A. through E are deleted entirely and the following is substituted in-lieu thereof:

"A. QUARTERLY FIXED COSTS:

\$9,000 per quarter = Reimbursement for NIH obtaining sufficient additional bandwidth to support the expected average of up to 100 concurrent viewers for approximately ten (10) ten (10).

\$1,725 per quarter = Reimbursement for NIH obtaining 100 additional Real Networks user licenses annually.

B. PER-MEETING COST FOR "LIVE" WEBCASTS:

\$ 65.00 per hour = Reimbursement for NIH webcasting each "live" NRC meeting based on the length of the meeting during normal business hours of Monday through Friday 8:00 am to 5:00 pm. For determining the total cost of NRC's reimbursement to NIH for supporting each of NRC's "live" webcasts, partial-hour increments that exceed 30-minutes will be rounded up to the next whole-hour, and increments of 30-minutes or less will be rounded down. All 30-minute test webcasts performed the day before each scheduled "live" webcast will be free of charge, but each test webcast performed the day of the scheduled "live" webcast will be reimbursed by adding the time used for the test webcast to the total billable duration of the "live" webcast.

C. PER-MEETING COST FOR WEBCASTS "ARCHIVED" WITHIN "STANDARD" PROCESSING TIMEFRAME OF 24-HOURS:

\$120.00 per hour = Reimbursement for NIH converting each NRC "live" webcast into an "archived" webcast and make it available on the webcast Web Page within 24-hours of the conclusion of the meeting. Total cost of the archival will only be based on the duration of the actual meeting without including the time used for the test webcasts performed prior to the meeting. For determining the total cost to archive an NRC webcast, partial-hour increments that exceed 30-minutes will be rounded up to the next whole-hour, and increments of 30-minutes or less will be rounded down. The charge for archiving the webcast will be a one-time fee per webcast and includes NIH supporting the archived webcast on the Web Page for 12-months.

D. PER-MEETING COST FOR WEBCASTS "ARCHIVED" WITHIN "URGENT" PROCESSING TIMEFRAME OF 4-HOURS:

\$500.00 per meeting=Reimbursement is an additional flat rate per meeting of \$500 added to the per hour cost of "standard" archiving for NIH providing "accelerated" processing services to archive an NRC webcast and make it available on the webcast Web Page within 4-hours of either the conclusion of the actual "live" meeting or receipt of a VHS tape of the meeting from NRC (in the event of a disruption in the feed from NRC to NIH).

E. PER-MEETING COST FOR CD ROM STORAGE OF "ARCHIVED" WEBCASTS:

\$10.00 per meeting = Reimbursement is a flat rate per meeting for NIH providing each webcast to NRC on a CD ROM after conclusion of that webcast's 12-month availability on the webcast Web Page.

3. Under article VIII. entitled "FUNDING," paragraph two is revised by incorporating a revised Attachment - A (Attached to this modification.) which reflects cost ceiling associated with the additional period. Therefore, paragraph two is deleted entirely and the following is substituted in-lieu thereof:

In **Attachment-A**, a detailed cost estimate is provided for the total cost NRC expects to reimburse to NIH in FY2003, based on the rates listed herein in Section VI REIMBURSEMENT, and the expected activity level in FY 2003 of approximately ten (10) meetings with an average duration of 3-hours.

A summary of obligations under this agreement, from date of award through this modification, is given below:

Total FY 02 obligations	\$80,000
Cumulative Total of NRC Obligations	\$80,000

This modification does not obligate any funds.

All other terms and conditions remain unchanged except the ceiling amount which increases to \$84,085.
